Sponsor a Student for 1 Year

Muka Gore

Community Health Worker Training

> *"My goal is to complete my education and use what I learn to make a meaningful difference in the community where I come from."*

3 As
GRADE 12
PNG's highest grade, usually reserved for the top of the class.

Cs to As
AFTER HIGH SCHOOL
He went back to his final-year subjects and raised every C to an A or a B.

Health
HIS FIELD
Training as a community health worker, the staff of PNG's rural health posts.

His story

Muka is from Korepa, a village in the Eastern Highlands of Papua New Guinea where Clean Water Help works. School fees, books, housing and transport would be a heavy burden on his family.

What he will do with the training

- Serve his community in Korepa as a trained health worker.
- Support young people and encourage them to stay in school.
- Share what he learns with the families around him.

His promise

- Take his studies seriously and work hard.
- Keep good character.
- Make responsible use of this opportunity.

STATUS
Applying for 2027

AGE
25

HOME
Korepa, Eastern Highlands

COST OF SPONSORSHIP

$1,500 for the full year

Covers tuition, school supplies and living costs. Fees depend on government subsidies and housing, and generally run $1,500 to $2,000 a year. Clean Water Help pays the difference.

Statement of Purpose and Need

Muka Gore · In his own words

To the CWH Scholarship Committee: I am writing to express my sincere interest in the CWH Students Scholarship for 2027.

Who I am

I am Muka Gore, a Papua New Guinean student from Korepa, in the Daulo District of the Eastern Highlands. I am determined to continue my education and to develop the knowledge and skills I need to contribute to my family, my community and my country.

Why education matters to me

I believe education is the opportunity to build a better future. Throughout my studies I have worked hard to improve myself academically and personally, and I have learned the importance of discipline, responsibility, respect and service to others. My goal is to complete my education and use what I learn to make a meaningful difference in the community where I come from.

Why I need help

School fees, learning materials, accommodation, transport and other costs place a heavy burden on students and their families. This scholarship would reduce that burden and let me concentrate fully on my studies.

What I will do

I intend to gain not only academic qualifications but also practical skills, leadership and experience that I can use to serve others. After completing my education, I hope to contribute to my community by sharing my knowledge, supporting young people, encouraging education, and taking part in activities that improve the lives of the people around me.

My commitment

I understand that a scholarship is not only financial help but an investment in a student's future. If I am given this opportunity, I will take my studies seriously, work hard, keep good character, and make responsible use of it. I am grateful to Clean Water Help for considering my application and for supporting students who want to learn and contribute to their communities.

Thank you for considering my application.

Muka Gore

KOREPA, DAULO DISTRICT · EASTERN HIGHLANDS, PAPUA NEW GUINEA

Why We Recommend Muka

A note from Clean Water Help

Muka earned top grades in advanced math and biology, and he wants to use them to bring health care home to Korepa.

He has put in the work

After high school, Muka went back to his final-year subjects through PNG's national distance-learning program and raised every one of them. He has already shown he will do the work it takes to succeed with a scholarship.

Clean water needs health workers

Clean Water Help builds water systems in villages like Korepa. They do the most good when someone local can teach families safe water and hygiene habits, and treat the illnesses that still happen. As a community health worker, Muka would be that person for Korepa.
